Contact Details for Club's CGC liaison:

Please note, the Club's CGC "liaison" may not necessarily be the Club's secretary. It can be a Club member who agrees to be a contact between your Club and the CGC Committee, responsible for distributing CGC information and documents to the Club's members and its committee.

Rationale – Club secretary details can change from year-to-year, whereas a CGC liaison can remain for as many years as they wish, taking away the need for the CGC Committee to change records.

If you wish all CGC matters to go through your Club secretary, please update contact details when necessary.
