## BREED STANDARDS UPDATE

### WEIGHING OF MINIATURE DACHSHUNDS

Thirty four submissions had been received in the review of the current practice. These were collated and referred to the Breed Standards Committee for consideration. The committee's recommendations were further considered by Executive Council with clarity sought on one recommendation. Upon receipt of this Executive Council has confirmed the following will apply:

1. That there be NO change to the practice of weighing Mini Dachshunds before being exhibited. The Steward shall advise the Judge of any exhibit which is over the 5kg limit. No dog is disqualified even if it weighs more than 5kgs. The guidance to judges in the Standard that this is a Very Serious Fault to be retained.
2. The NZ Breed Standard be altered with the addition of the phrase used in the UK Standard "Exhibits which appear thin and undernourished should be severely penalised" and deletion of part of the sentence regarding judge's discretion. The NZ Standard will now read:-  
  
SIZE: Miniatures Ideal weight 4.5kgs (10lbs). ~~It is of the utmost importance that~~ Judges should not award prizes to animals over 5.0kgs (11lbs). Exhibits which appear thin and undernourished should be severely penalised.
3. This changes to be advertised in the Dog World.
4. All Breeds, Hound and Specialist Clubs be reminded of their obligation under Show Regulation 19.1 (To be advertised via the Dog World.)

*19.1.2 Weighing shall be conducted on a weighing machine with a weight tray on which a Miniature Dachshund is capable of standing naturally. The scales shall be of a mechanical or digital manufacture and shall be checked prior to weighing against a standard 5.00 kg weight. It is the responsibility of the club conducting the show to provide scales in accordance with this regulation.*

*19.1.3 The scales shall be placed either on the ground on a stable hard flat surface (not grass) or on a stable table large enough to hold the scales in a stable position.*

5. All Breed Clubs be asked to ensure that all overseas Judges contracted by them are familiar with NZ Breed Standards and Show Regulations. (To be advertised via the Dog World.)
6. A further moratorium of 10 years be placed on the re-evaluation of the matter of the weighing of Mini Dachshunds.
7. Further to the Breed Standard Committee's six recommendations the Executive Council also agreed that Show Regulation 19.1.5 be deleted as no Breed Standard allows for disqualification and was likely inserted or remained in the Breed Standard in error.

~~19.1.5 The judge shall have discretion at any time to disqualify any dog that is found to be overweight at the time of weighing. To be declared overweight a dog must weigh more than 5.00 kg.~~

All recommendations will take immediate effect given the process already followed and the minimal change implemented.

Peter Dunne  
Director Secretary  
Dogs New Zealand
